

Transnational report on the impact of employment policies on young NEETs: tackling youth disengagement through understanding the flexibilization - regional resilience nexus

1st Transnational Research Output of WP1: Stimulate Trans-locally: A transnational Research Network for the study of Youth Employment policies in the Mediterranean European Economic Area

Description

The present report based on a literature review and a conceptualization framework presents a thorough quantitative meta-analysis of the expansion of NEETs in the target regions and countries between 2008 and 2018. From the in-depth analysis of rich qualitative data, collected during 2019 in all target countries, the report brings forward the beliefs and agency of various actors, namely young NEETs, individuals involved in Social and Sharing Economies, and employment advisors or other key informants. Finally, based on the conclusions derived by the previous analyses, the report performs an impact assessment of contemporary employment policies, focusing mainly on the effectiveness of the Youth Guarantee (YG) in the Southern regions of the EU. In that framework, the efficiency of employment services, youth counselling centres and services, and youth employability providers in the study areas are also critically approached.

Transnational Employment YOUTHShare Centre- Greek Branch

*Διακρατικό Κέντρο Απασχόλησης
YOUTHShare, Ελληνικό Παράρτημα*

The Transnational Employment Branch of YOUTHShare in Greece adopts, adapts and elaborates on the new practices for work inclusion based on Ripples in the Water Methodology from Norway -NHO- Confederation of Norwegian Enterprises). Based on this methodology, the YOUTHShare employment Centre and its staff aims through a person-centred and empower-focused approach at matching effectively the jobseeker with a

potential employer.
