Description

ESF projects coordinated by the National School for Leadership in Education also contribute to developing guidance: the 2016-18 project Leadership support programme for school staff, produced for staff in schools and kindergartens in order to develop knowledge and skills in lifelong career guidance; and the 2016-19 project Managing and leading innovative learning environments aiming to design a model of comprehensive support to head teachers in pedagogical leadership and management, including developing head teacher capacities for critical thinking, problem learning, innovation, reflexion and cooperative learning. The model will be extended to career managements skills of head teachers.

2016 Implementation

2017 Implementation

2018 Implementation

2019 Completed

In the school year 2018/19, there were 14 training exercises organised with 510 participants, which is a fall from the previous school year of 2017/18 with 18 exercises and 1022 participants. The project concluded with a final conference in June 2019.

Several publications have been produced in the scope of the project:

- (a) Analysis of needs in the field of leadership and management (2018).
- (b) Review of situation (2018).
- (c) Evaluation report (2019).
- (d) From practice for an efficient headmastership (2019).
- (e) Supporting headteachers by consultancy (2019).
- (f) Leading career (2019).

Bodies responsible

- National School for Leadership in Education
