

# Erasmus+ projects on guidance 2015-17

POLICY DEVELOPMENT

PRACTICAL MEASURE/INITIATIVE

 SLOVENIA

## Timeline

2015 Implementation

2016 Implementation

2017 Implementation

2018 Completed

ID number 28795

## Description

Slovenia also participated in Erasmus+ projects that refer to guidance:

- (a) the 2015-17 Erasmus+ project Guidance and orientation for adult learners (GOAL) to improve guidance and orientation for adult learners. The project focused on those aged 50+, immigrants, and low-qualified job seekers and employees producing recommendations for guidance practitioners and policy-makers. Project partners included the ministry for education, SIAE and CPI;
- (b) the 2015-17 Erasmus+ project LeadCareer in the scope of National School for Leadership in Education. The main aim of the project was to develop school leadership knowledge and skills for career development of education staff. The project partners were from Croatia, Austria and Slovenia.

### 2015 Implementation

### 2016 Implementation

### 2017 Implementation

LeadCareer was concluded in 2017, having successfully achieved its five intellectual outputs:

- (a) a comparative study of the lifelong learning in career guidance;
- (b) a curriculum for capacity building of career development competences of the educational staff;
- (c) sample pedagogical materials;
- (d) recommendations for policy-makers;
- (e) a publication as a source for relevant stakeholders and the general public with the intention of spreading and disseminating the results of the project.

The impact noticed:

- (a) some project partners combined the LeadCareer project activities of similar theme/subject with other activities/projects;
- (b) increased staff awareness in partner organisations has been detected.

## **2018 Completed**

The Goal project concluded in January 2018 with a final conference organised in December 2017 presenting the project results and recommendations for further development of guidance in adult education. In 2018, several publications were published:

- (a) Guidance for adults in Education: National evaluation report (Svetovanje odraslim v izobraževanju: Nacionalno evalvacijsko poročilo).
- (b) Counsellor competences in adult education guidance (Kompetence svetovalca v svetovanju odraslih v izobraževanju).
- (c) The process of guidance in adult education (Proces svetovanja odraslim v izobraževanju).

In 2018, a revised Adult Education Act was adopted, regulating the public interest in adult education and the way in which the public interest is exercised. This confirms the results of the project that organised counselling activity in adult education has a direct impact on the performance of adults involved in education. The results of the project will be used by the Ministry of Education and the Slovenia Institute of Adult Education to develop guidelines and standards that will form the basis for the operation, monitoring and financing of this public service.

## **Bodies responsible**

- Institute of the Republic of Slovenia for Vocational Education and Training (CPI)
- Ministry of Education, Science and Sport (MIZŠ) (until 2023)
- Slovenian Institute for Adult Education (ACS)
- National School for Leadership in Education

## **Target group**
