Description

According to the new rules on the selection and joint funding of further education and training programmes for education professionals (2017), there are two types of CPD programmes for teachers: additional training required for the teaching profession for those not having followed specific training during their initial studies or special tasks (e.g. for teachers that need to work with SEN students); and shorter (8-24 hours) courses on various topics that teachers can choose from a catalogue published by the education ministry. Providers can be private or public organisations; they are chosen via public tender and may be part-financed.

2017 Completed

The Rules were adopted in 2017.
