

UNESCO's book "Safe to learn and thrive"

Report advocating for ending violence in and through education

Description

The book addresses the critical issue of violence in educational settings. It highlights the prevalence and various forms of violence, including physical, sexual, psychological abuse, bullying, and neglect, and their impact on learners and educators. It explores the multiple drivers of violence, such as gender norms and socioeconomic status, and the profound effects on mental health and academic performance.

It emphasises the transformative power of education in preventing violence and advocates for a holistic approach involving adaptations in curriculum, school environment, reporting mechanisms and policies. The conclusion calls for immediate and sustained efforts to transform education systems, ensuring every learner can thrive free from fear and harm.
