

Implementation of the reinforced Youth Guarantee - Trends in EU Member States, impact, EU funding and governance

European implementation assessment of the reinforced Youth Guarantee and its impact on youth transitions

Description

This European Parliament study evaluates how the 2020 Reinforced Youth Guarantee (RYG) has been implemented across EU Member States, examining trends, challenges; and impacts on young people's access to quality offers of employment, education, apprenticeships, and traineeships.

It analyses NEET trends, equity concerns, outreach strategies, and governance mechanisms, offering policy recommendations to strengthen the RYG's reach and effectiveness in supporting young people at risk of disengagement.
