

Activity 4: How do we know if our approach to tackle early leaving is making a difference?

Description

Duration of the activity: 60 minutes.

Type of exercises: individual work, guided consultation of [Cedefop VET toolkit for tackling early leaving](#), and work in small groups. A plenary session involving participants in several small groups can follow at the end of the activity to discuss the challenges and actions proposed.

Beneficiaries

This activity targets either policy makers or practitioners involved in the monitoring and evaluation of measures to tackle early leaving. In case of a mixed audience, it is advisable to have homogeneous small groups, either composed of policy-makers or composed of practitioners.
