

Activity 2: What can we do if we believe that a learner is at risk of early leaving?

Description

There are two intervention approaches offered at the provider level and the the system level.

Intervention at the provider level

Target group: VET practitioners.

Duration of the activity: 60 minutes.

Type of exercises: individual work, guided consultation of Cedefop toolkit, and work in small groups. Plenary sessions involving participants in several small groups can follow at the end of the activity to discuss the results.

Intervention at the system level

Target group: government representatives at national, regional or local level in the field of VET.

Duration of the activity: 50 minutes.

Type of exercises: guided consultation of Cedefop toolkit, and work in small groups. Plenary sessions involving participants in several small groups can follow at the end of the activity to discuss the results.
