

VET permeability to general education increases VET attractiveness

Description

Cedefop's opinion survey on vocational education and training (VET) examines EU citizens' awareness and opinions on VET's attractiveness and effectiveness. See their opinion regarding the following statements.

Thinking of someone aged 16-18 who has started taking vocational education at upper secondary education, how easy or difficult do you think it would be for this person to switch from vocational education to general education?

Q20. Permeability: Ease of switching from VET to general education
