

Education and Training Monitor

European Commission's flagship annual publication on education and training in the EU

Description

A crucial part of the [Europe 2020 agenda](#) for **smart, sustainable and inclusive growth** is bolstering education and training. With its international comparison and country analysis, the Education and Training Monitor fuels the debate on priority themes for education and informs **national education reform** debates.

Relying on a broad range of quantitative and qualitative sources, the Education and Training Monitor includes [Eurostat](#) data, [Organisation for Economic Co-operation and Development \(OECD\)](#) studies and surveys as well as the analysis of education systems by the [Eurydice network](#). The Monitor is the reliable and up-to-date source of information for peer learning among the 28 EU Member States.

The strategic framework for European cooperation in education and training (ET 2020), which is a forum allowing Member States to exchange best practices and learn from each other, aims to achieve six targets by 2020:

1. to reduce the early leavers from education and training below 10%
2. to reach 40% tertiary educational attainment among 30 to 34-year-olds
3. to reach the 95% participation in early childhood education and care
4. to reduce the underachievement in reading, maths and science below 15%
5. to reach the employment rate of recent graduates of 82%
6. to reach 15% adult participation in learning

Additional priority areas for monitoring include [languages](#), [adult skills](#), [teachers](#), investment in education and training, [ICT in education](#), [entrepreneurship in education](#) and [VET](#).
