| <p><b>Assessment of financing arrangements</b></p>                         | <p>Strengths:</p> <ul style="list-style-type: none"> <li>- the professionalisation contract allows young people under 26, people over 45, and job seekers to obtain a certification. Incentives for people over 45 and job seekers should prevent these target groups from entering unemployment.</li> </ul> <p>Weaknesses:</p> <ul style="list-style-type: none"> <li>- for young people under 26, professionalisation contract is less attractive than apprenticeship contracts since the financial resources available to professionalisation contracts are lower.</li> <li>- for employers, professionalisation contracts are also less attractive than apprenticeship contracts since tax incentives are lower or even nil. The number of adult professionalisation contracts (people over 45) is quite low (12% of the new contracts in 2016, Ministry of Labour)</li> <li>- for young people or for employers, professionalisation contracts may be seen as competing with the apprenticeship contract; nonetheless they fall under different financing schemes.</li> </ul> |
| <p><b>Contextual information</b></p>                                       | <p>Statutory minimum wage: EUR 1,466.62 (2016, S2);<br/>         1,480.27 (2017, S1 and S2)<br/>         Average yearly working time (hours) for a full time job:<br/>         1,616.20</p>  |
