

# Bibliography on Early leaving from VET

*Results from Cedefop's VET-Bib bibliographic database*

## Description

---

This collection of publications (bibliography) on Early leaving from VET retrieves entries relevant to early leaving from VET from Cedefop's official bibliographical database (VET-Bib).

The link below retrieves entries relevant to early leaving from VET. The retrieval exercise is based on a scenario with the use of three keywords related to the topic, which are the: educational dropout, training dropout and school leaving, all of them in the context of Vocational Education and Training and for the years since 2010.

The link provided [here](#) is a permanent - stable link to a [VET-Bib](#) saved search strategy. Results are updated automatically every time something new is catalogue by Cedefop's [Research Support Centre](#) documentalists under those terms.

Additionally, another collection of publication (bibliography) on Early leaving from VET with results from [Summon Cedefop's discovery tool](#) can be found on the related resources below.
