

## Skills mismatch

### Description

---

Skills mismatch is another significant factor that might lead young people to inactivity and social exclusion and regards those people with qualifications and/or previous work experience in a very specific subject or domain. This share of youth may face difficulties to match their skills in the labour market and possibly wait for a specific job opportunity.

## European Commission: Sustainable activation of young people not in employment, education or training (NEETs)

*Practitioner's toolkit*

This toolkit is intended to assist you in designing and implementing your approach to activate people not in employment, education and training (NEETs). The toolkit provides concrete guidance and tools for PES to assess the NEET challenge and set priorities; draft and implement an Action Plan; and develop new tools, measures and competences from scratch.
