

On the way to 2020: data for vocational education and training policies

Country statistical overviews
2014 update

List of contributors

This report is the result of a team effort, with contributions from Cedefop colleagues under the supervision of Pascaline Descy (Head of Area Research and Policy Analysis). Mircea Badescu and Marco Serafini coordinated preparation and Steve Bainbridge provided suggestions throughout. Zoi Diamantakou took on data-management tasks and provided support in finalising the report. Cedefop is also grateful to Arie Gelderblom (SEOR, Erasmus University Rotterdam, and the Institute for Employment Research, University of Warwick) for drafting the report and providing conceptual, methodological, statistical and technical contributions to the selection, presentation and management of various data. The data management system on which these reports draw was designed and created by Andrew Holden of the Institute of Employment Rights, who provided invaluable support to this project. Assistance was also provided by Rado Dragov, Milena Alexova, Katalin Cseh, Susan Lesker (all SEOR) and Rob Wilson (IER).
