‘Building Management System (BMS) -

Delivery Installation and Supporting Services’

CEDEFOP’s CORRECTION TO ANNEX 6 – Future needs Points modules and Field Devices List

You may find below Cedefop’s correction to Annex 6 and the updated excel file attached.

Correction to column M-Bus of Annex 6

The electrical energy meters that were initially listed in column M-Bus, have been re-distributed to columns Mod-Bus and Impulse counter accordingly and highlighted for easier identification.

The correct distribution of electrical energy meters is depicted in the attached Annex 6-Corrected Future Needs Point Modules & Field Devices.
