OPEN INVITATION TO TENDER
AO/RES/ASAIN/BMS/009/13
‘Building Management System (BMS) –
Delivery, Installation and Supporting Services’

REQUEST FOR CLARIFICATION (1) – QUESTIONS & ANSWERS

Question Nr. 1

We are a technical company willing to participate in your tender. We have already started the formal procedures in order to obtain our ISO:9001 certificate and we will try to expedite our certification prior to your tender.

In case we haven't managed to finalize the procedure before our submission would it be possible to submit some sort of proof from the authority that is responsible for our certification with the obligation to present out valid certificate at the progress of the tender and before any final decision on your tender?

Cedefop's clarification to Question Nr. 1

In order to ensure equal treatment, all tenderers will be examined that they fulfil all required selection criteria by the deadline of submission of offers i.e. by 05/08/2013. Please be reminded that the requirement is not only “to have in place” but also “to operate” an appropriate quality assurance programme (ISO).
