

OPEN INVITATION TO TENDER
AO/RES/ITK/PowerBuilderServices/015/14
ICT services for development of applications in PowerBuilder
Request for Clarification (1) – Questions & Answers

Question No 1

Regarding the implementation of the proof-of-concept required for the technical proposal (demo application “Meetings Calendar”);

- a) *Are there any restrictions to use third party components with our Power Builder code?*
- b) *The email from application can be sent using any mail server of our choice?*

Cedefop’s answer to question No 1

- a) No, but please indicate if this is the case, and justify.
- b) Yes.
