EX Summary | My Profile

Starting a new EX

You are about to create a new EX form.
Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor

Create Europass Experience
as a Holder
A Holder is an individual (natural person) who has successfully completed (or is in the process) of

If you are the Mentor in a learning or working experience and want to provide a Europass experience document to the participating Holder(s) you may use [this form](#)

If you represent the sending organization you can create a document and send to all the participating Holders at once using [this form](#)

The user can create a new EX either as a Holder, Host organization or Sending organization.
Sending organization option is less visible than the other two options.

Holder option redirectes user to 1) if they are not logged in or to 2) if they are.
Host option redirectes user to 3) and Sending option to 4).

Connected

1) Holder initiates a document (not logged in)

Explanatory note

The Europass Skills Passport records knowledge and skills acquired during an experience in an EU, EFTA or candidate country.

Validation (learn more): a) The person with e-mail address xxx@xxx.xx has attested the content of this document; b)The document contains a consistent VAT number; c)The e-mail address matches the provided website. d) verify validity of document at <https://europass.cedefop.europa.eu/ex/GR124324126345>

For more information on Europass: <http://europass.cedefop.europa.eu>

Warning: You will no longer be able to edit your EX

Submit EX for validation

WYSIWYG environment. User sees a preview of how the final document looks like. At any point, she can click to add/edit information in the document. User must verify that all details entered are correct and eventually submit the EX. In case that required fields are missing, this must be visible to the user. If the user clicks on Submit, she will be notified in a user-friendly and elegant way of the validation errors that must be corrected.

Most of the details are optional and can be left empty, to be completed by the Host.
The user is warned at the top that s/he must log in first in order to be able to save her/hir progress and is given links to register and login.

Submit EX for validation

Connected

When clicking to Edit, a kind of form appears for each section - see next wireframe. Here, they appear all expanded.

Pressing "Show sending organization details" expands the form for the Sending organisation (name, address, e-mail)

Host organization details are all optional except the Host's email address.

A privacy note regarding private data policies in EU countries is shown to warn the user about any possible privacy issues when filling in the Host's details.

1c) Login/Register

In order to complete the submission of your document you must **login** with your EX account.
If you do not have an EX account you can either register or connect using one of the available social networks/account providers

Login

If you have an account you can login using your email and password.
If you don't remember your password you can [get a new one](#).

email address
password

You can also connect using your social network of choice

Or connect using your [ECAS](#) or [EduGAIN](#) account

or

Register

You can easily create a new account for your EX by providing the following details. After this you must check the email address you provided and verify your email by visiting the link provided.

email address
password
retype password

After clicking register you can safely close this page.
Once you validate your email your EX will be submitted for validation by your host.

User must login or register before being able to submit the EX.

This window appears as a popup, in two cases:

- When pressing "Submit EX for validation". After login/register concludes, they will be redirected to the EX summary page with pop up informing them that the EX has been submitted for validation.
- When pressing "Login & Save". After login/register concludes, they are redirected to scenario 2.

1d) Login/Register validation

In order to complete the submission of your document you must **login** with your EX account.
If you do not have an EX account you can either register or connect using one of the available social networks.

Login

If you have an account you can login using your email and password.
If you don't remember your password you can [get a new one](#).

email address

password

You can also connect using your s

Or connect using your **ECAS** or **EduGAIN** account

Register

You can easily create a new account for your EX by providing the following details. After this you must check the email address you provided and verify your email by visiting the link provided.

You are about to register using the email address "**samholder@gmail.com**".
Please make sure this email address is correct as you need to verify it before your EX is submitted for validation.

Email is correct - **I need to change this email**

Register

After clicking register you can safely close this page.
Once you validate your email your EX will be submitted for validation by your host.

If they register for the first time, once the user clicks on the Register button a pop up will ask them to verify that their email address entered in the Holder's details is correct.

Email for registration and login is taken from the Holder's details form.

If it is indeed correct they will be redirected to a landing page informing them that they can now close this page and that they must click on the verification link provided in the email sent to them.

If the user presses "I need to change this email", s/he will be redirected to the Holder details page to change it.

1e) Validate Email Landing
