**Cedefop Clarification – Questions and answers (1)**

Question 1:

I would like to be informed if the inclusion criteria for 8year professional experience is a very strict one because I am a general practitioner working in private practice only 4 years since I have completed my specialty in general medicine. I would be very pleased if you could answer to my mail in order to send you all the necessary documents.

Cedefop answer 1:

As per point 3.2.2 of the Tender Specifications, the candidate “must possess a minimum of 8 years' full-time equivalent professional experience in the relevant medical field(s);”

Candidates must therefore consider this requirement and all others which are linked to the exclusion and selection phases as strict requirements.
