Question 1

Is it prohibited from Cedefop's side for individual country experts to be included in the proposals prepared by competing tenderers? Please take into account that the value of a single ICE's work share would be below 10,01% of the total value of the project.

Cedefop answer 1

As per section 4 of the Tender documents:

“A legal person can take part (as an individual tenderer or as a member of a consortium submitting a tender) in only one tender. In the opposite case all tenders in which that person has participated may be excluded from the evaluation.”

Since the above noted requirement refers to tenderers and consortium members and not to subcontractors or team members, it is not prohibited for individual country experts to be included in the proposals prepared by competing tenderers.
