

A photograph of three people smiling outdoors. On the left is a man with short, light brown hair. In the center is a young man with long, straight blonde hair. On the right is a man with dark hair and a full beard, wearing a dark jacket over a grey sweater. They are standing in front of a white van with a building in the background.

Multi-skilled teams to support youth with complex needs

Multi-skilled team

Holistic approach

Single point of location

Supportive policy climate

- The Delegation for the Employment of Young People and Newly Arrived Migrants (Dua)
 - Promote cooperation between municipalities and the PES
 - Aim is to help reduce youth unemployment
 - Encourage municipalities and the PES to enter into collaborative agreements at the local level

Challenges

- Budget process with several stakeholders
- Manage and lead employees from several stakeholders
- Different legal frameworks
- Differences in organizational culture

Impact evaluation

- The method is suitable for persons with a disability leading to reduced working capacity
- The method has been particularly successful for participants to reintegrate into education
- It is important to specify the target group, as offering the project to young people without complex needs may result in lock-in effects
