A potential candidate has submitted the following question:

We are having great difficulties to use this file: 3. Annex II. Official application form and annexes
There are too many restrictions in it. We are not able to joint work in it, only one person may work
at the time. There are also challenges with storing and closing the file.

Cedefop answer:

We are publishing the Annex II. Official application form in a newest version .docx. Candidates
who have difficulty to use the .doc version may use the .docx version for convenience. The
content of both documents remains the same.
