Question No 1

Regarding your call for proposals GP/DSI/ReferNet_FPA/001/15, our question is about the definition of National ReferNet Representative, nominated by the national government.

Is this individual the same one appointed as member of the Governing Board of Cedefop as representative of the Government? or both representations can be held by different persons, bearing in mind that as from September 2015 Cedefop's Board members will change?

Cedefop's answer to question No 1

The national representative for ReferNet is designated by the member of Cedefop's Governing Board representing your government and appointment is confirmed by Cedefop's Director.

The two procedures of nomination are different, and in fact this year the one will follow the other, as the new government representative in our Governing Board of your country, in place as from September, will designate the new ReferNet representative of your country for the future Framework Partnership Agreement 2016-2019.
