Current position Director Training centre ACLVB

Koning Albertlaan 95

9000 Gent

Belgium

Since 1994 I'm professionally active in the training center of the liberal Union in Belgium. For the first 10 years, I was a trainer of courses in communication, social dialogue,.. Then I became director of the organization. In that way I have a special interest in everything that happens on educational and social-cultural level in Flanders, the regional part of Belgium, and beyond.
