# Cooperation

As part of the project:

- we connect various stakeholders in the field of Lifelong Career Guidance
- we develop tools for youth and adults, which are used free of charge by career counselors from various organizations across Slovenia
- we promote and inform about Lifelong Career Guidance through our website (LCG point)
- we take care of quality standards and ethical standards
- we educate and train career counselors from various organizations.

**IAEVG Ethical Guidelines**

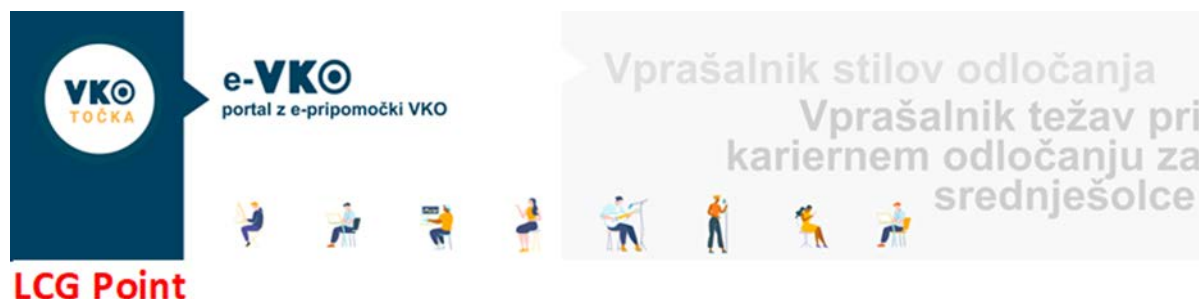

# Modular training for career counselors

- In Slovenia there is no formal education program for career guidance (CG) practitioners.
- The need for professionalization and specialized competencies for work in the field of CG.
- Modular training - 160 teaching hours
- **Cooperation - more than 30 lecturers and practitioners from different organizations or universities - experts from the field of CG, including foreign lecturers.**
- For all counselors who provides CG and work in the field of education, employment, human resources, non-governmental organizations, etc.
- **Heterogeneity of groups of career counselors as an advantage, which contributed to mutual learning through the exchange of experiences and encouraged the connection of different institutions.**

# The purpose of the training is:

- to raise the awareness of career counselors about the importance of a career for the quality of life of an individual, for social progress and for ensuring social justice
- to acquaint counselors with useful methods and their theoretical background
- to equip participants with tools and methods that they can use in their work in the field of CG
- **to connect counselors from different areas of CG**
- qualified career counselors for the quality implementation of LCG services.

- some career tools developed during the project for different target groups of people
