

## Guidelines for the discussions in the Working groups

**26 March 14:30 – 18:00**

The aim of the afternoon sessions is to give the opportunity to participants to discuss the findings of the Cedefop studies presented to them during the morning, learn from country cases and share their national experience on the following two topics:

**Session I: Implications of the learning outcomes approaches to ensuring quality of certification process**

**Session II: Evaluation and monitoring of Certification processes: How to review IVET based on results and experiences from certification processes?**

In each session participants will be presented with case studies. Following the presentations, participants will discuss in working groups the specific questions listed in page 2. Composition of the working groups is available in page 3.
