

Writing team meeting

‘Mentoring in VET Handbook: Developing European perspectives’

*Thessaloniki, Greece
17 and 18 May 2010*

Meeting outcomes

Cedefop Training of Trainers network (TTnet) started working in 2009 on a Handbook on Mentoring in VET after a consultation and a preparatory work has been done in 2008 among the members of the network. The Handbook is in line with EU Commission objectives set out in the Copenhagen and Lisbon agendas to raise the quality of teaching generally and in particular to build into continuing professional development (CPD) practices providing an enhanced support for teachers and trainers during their induction phase, but also throughout their entire professional career.

The Handbook of Mentoring in VET core writing and editing team met on 17th and 18th May to discuss progress so far and advance the handbook towards draft completion stage.

Several steps have been undertaken during the meeting:

- The participants worked in groups and made suggestions to the structure and the content;
- Particular attention was paid to the development of an accurate Glossary of Terms;
- A publication and dissemination strategy was discussed;
- A timetable was set up – with a deadline for the first draft to be ready by the end of July and a proposal for a validation among the whole group of TTnet during the common meeting in October/November in Cyprus.
