Information on refugee survey

Survey on refugee support

Cedefop's initiatives and refugee survey

- Cedefop/OECD conference and **article**
- Pilot for comprehensive scheme in Italy
- Study in 2017 – Learning and upskilling for refugee integration

Skills Profile Tool for 3rd Country Nationals

- Interactive tool based on a form for PC and mobile
- Individual's skills, qualifications, work experiences and other relevant information
- Multilingual, available in EU languages, Arabic, and other relevant languages

Outreach and Guidance

Outreach

- Offer services to people who do not have access or are outside the reach of standard service
- Identifying, tracking, contacting, re-engaging
- Cooperation with local communities and other relevant stakeholders

Two very fragile groups

- NEET's: frequently low qualified, low likelihood of career success and stability
- Long term unemployed (LTU): Demotivated, in vicious cycle, low prospects and psychologically weakened
- Both groups out of reach of standard services

Need for outreach with associated guidance

Commission initiatives

- Youth Guarantee: < 25 job or learning 4 months after dropout
- Skills Guarantee: > 25 flexible learning for secondary qualification
- Long term unemployed: encourage registration in PES, assessment at 18 months unemployment

Need for outreach with associated guidance

Low knowledge of national initiatives

- Scattered across policy fields and embedded in different policies (e.g. ESL, youth, employment, social security)
- Some are experimental, NGO based and not consistent
- Effectiveness, quality assurance and integration with stable national systems and strategies

Importance of national overviews

National outreach strategies and practices aimed at upskilling

- Short context with national facts and issues on NEET and LTU
- Brief description of national strategies with outreach
- 2 practices for NEET and for unemployed
- 5000 words
- Deadline for delivery of drafts: end of June 2017

Focus: outreach cycle

- Identifying and tracking people
- Assessing and profiling
- Web site and ICT tool usage
- Caseload management
- Guidance and counselling
- Upskilling measures (VET, apprenticeships, validation)

Outputs

- National reports
- Synthesis report/briefing note
- Feedback into cooperation with Commission
- Support peer learning regarding national programme design and implementation

Thank you for your attention!
