- On-the-job learners
- Digital skills
- Competent and skilled employees
- Support for career development
- Communities and working areas
- Education export

OMNIA

Changes make a big difference

LEGISLATION AND FUNDING

- One legislation
- A single funding system
- Funding is clearly based on qualifications and employment

INDIVIDUALITY AND NEEDS

- Individual study paths
- Competence to meet the needs and focus on acquiring missing competence

FLEXIBILITY

- More flexibility in studying
- Flexible admissions throughout the year

VERSATILITY AND DIVERSITY

- Teachers work is more diverse
- Working life is much stronger participant in the assessment of vocational competence
- More versatile learning environments and more learning at workplaces – easier to find employment

OVERCOME

- Obstacles for education export will be dismantled

FUTURE STEPS

- Lessons learnt from COVID-19 will be implemented immediately: distance learning, culture changes/ sense of community and care
- Approval of cultural diversity
- **? Extension of the compulsory education until the age of 18**
